Pursuant to the Stipulation and Order entered by the Court on December 3, 2018 (ECF No. 199), Defendants United States Department of Commerce, Wilbur L. Ross, Jr., in his official capacity as Secretary of Commerce, Bureau of the Census, and Ron S. Jarmin, in his capacity as performing the non-exclusive functions and duties of the Director of the U.S. Census Bureau, hereby submit their objections to Plaintiffs' Joint Exhibit List, attached as Exhibit 1 hereto. Defendants provide further explanation regarding their objections below:

- AR: Denotes those documents that the parties have stipulated to include in the "Administrative Record" for this Court's review and to jointly move into evidence. Defendants nevertheless note that, in response to the court's July 3, 2018, order in the related case of *State of New York v. U.S. Department of Commerce*, No. 18-cv-01829 (S.D.N.Y.), Defendants collected and produced a broader set of materials than would normally be considered appropriate for an administrative record.
- 401: Denotes objection on ground of lack of relevance.
- 403: Denotes objection on ground that the probative value is outweighed by prejudice, confusion, waste of time, or cumulativeness of evidence.
- 401 & 403: Defendants have asserted these objections for extra-record materials that Plaintiffs may seek to admit to support the merits of their challenges to the Secretary's decision. As Defendants set forth in their motion in limine, these challenges to a final agency action are properly reviewed, if at all, on the basis of the administrative record, and Defendants therefore have objected to all such extra-record materials on this basis. Such objections may not apply to the same extent should Plaintiffs be seeking to introduce this evidence only for the purposes of establishing their standing.
- 602: Denotes objection on ground that the sponsoring witness may lack personal knowledge of the provenance or contents of the exhibit.
- 701: Denotes objection on the basis that the document contains opinion or expert testimony and the sponsoring witness is not an expert.
- 702: Denotes objection on the basis that the statements contained in the document are not properly the subject of opinion testimony that can help the trier of fact to understand the evidence or determine a fact in issue.
- 802: Denotes objection on the basis that the exhibit is or contains hearsay not subject to an exception.
- 805: Denotes objection on the basis that the exhibit is or contains hearsay within hearsay and all layers of hearsay are not subject to an exception.
- 901: Denotes objection the basis that the exhibit will need to be properly authenticated before it is admitted.

1           901/RSG-B8: Denotes objection on the basis that Plaintiffs did not identify a sponsoring  
2           witness as required by paragraph B8 of the Guidelines for Final Pretrial Conference  
3           in Bench Trials Before District Judge Richard Seeborg ('RSG-B8').

4           Dated: December 28, 2018
